COX SLUSH FUND PROBE UNEARTHS BUT LITTLE

DEMOCRATIC CANDIDATE IN MONTANA ADDRESS SAYS HAYS SHOULD QUIT AS NATIONAL CHAIRMAN

REPEATS FALSE TESTIMONY CHARGE

CHICAGO, Sept. 9—Resuming the examination of Harry M. Blair, assistant treasurer of the Republican National Committee Senator Reed questioned Blair about the funds being raised in the large cities of the country, Reed questioned Blair in an attempt to prove Governor Cox's charges that exact quotas were fixed for more than fifty cities. Cox in his Pittsburgh speech said that quotas had been fixed for 81 cities which would total $8,145,000. One of these for $400,000 for Cleveland, Ohio, was testified to yesterday as correct by Dudley S. Blosson.

By HERBERT W. WALKER

En route with Governor Cox, Great Falls, Mont., Sept. 9—Will H. Hays, chairman of the Republican National Committee, should be discharged as the result of testimony before the Senate Campaign Expenditures committee yesterday, Governor James M. Cox said here before leaving for Helena to open the second day's stump campaign in Montana. Cox referred to the statement of Dudley, of Cleveland, who attempted to raise $400,000 in Cuyahoga County, Ohio. Cox spoke of this in his Pittsburgh speech. Cox challenged the committee to call on Chicago Republicans who have been raising big money there.

"The testimony of Mr. Blossom," Cox said, "is just another evidence of the fact that the Republicans should discharge Hays. He did not tell a bit of truth in Chicago. If the committee will just dig up the Chicago group it will find enough to keep it busy for a week."

AUTHORITIES AT MORRISTOWN, TENNESSEE THINK THEY HAVE LOST BLAKELY COUGHLAN

PHILADELPHIA, Sept. 9—"This is news to me," said George H Coughlin when informed that a child resembling his son. Blakely was being held at Morristown, Tennessee, by the authorities there awaiting identification. "I have all of the time held some hope that Blakely may be still alive and I will act at once on your information and communicate with Deputy Sheriff Neal" He said, however, that the description of the Morristown child did not tally with that of his child. "Blakely had light hair but it did not have a tendency to light yellow. It was rather light brown" he said. Coughlin said his child was not able to walk when informed that the baby in Morristown ran from a negress to a white man. "Bakely was not able to walk when kidnapped and it seems to have been too much to have mastered in three months. However if may be possible," he said

The police at Norristown have received no word from Morristown, Tenn. The police will send a picture and description of Blakely to Tennessee.

Blakely was 13 months old when kidnapped early on the morning of June 2, from his parents home at Norristown. After two months search the police and detectives believed Blakely dead. Augusto Pasquale is held in the Norristown jail in connection with the kidnapping and on a charge of swindling $12,000 from George Coughlin. He will be tried at the September term of court

VILLISTAS DO BUSINESS NEAR PITTSBURGH

PITTSBURGH, Sept. 9 Three Mexican bandits early today held up a labor camp along the Pennsylvania railroad at Millvale near here and escaped with $12,000 after wounding three men The robbers are believed to be employes of the labor gang. While the police were searching for the men a rail on the tracks was found loosened

LORD MAYOR MACSWINEY CONTINUES TO FAIL

LONDON, Sept 9 Lord Mayor MacSwiney was much weaker today on the 29th day of his hunger strike, a bulletin issued from the Sinn Fein headquarters here today said. "The Lord Mayor spent a very bad night," the statement said. "He complained of giddiness and faintness."

EVEN THE GOVERNMENT IS PROFITEERING

AKRON, O., Sept 9– Charges that the government is [illegible] foreign money orders was made by Dr. Morgan Brown, prominent educator here who has asked Attorney General Palmer to investigate.

ENROUTE TO PALESTINE FOR SECOND ADVENT

Members of An Unnamed Sect Are Headed For Holy Land In AutomObiles

DON'T BEG, BORROW OR STEAL

BANGOR, Me., Sept. 8.—A strange little caravan of six men and eighteen young women gathered here recently from distant parts of the world to begin a wandering which they believe will eventually lead them to Palestine in time to witness the second coming of the Lord. They expect to augment their forces by hundreds and thousands before the Holy Land is reached.

Meanwhile they remain nameless pilgrims, who have severed all home ties, and profess to have left behind them all worldly desires and pleasures. They live in tents here until they set out for journey point to point in three large automobiles, to their first stopping place, being in the neighborhood of Boston.

"Jehovah Provided."

Their leader, a tall, gaunt, gray-whiskered individual, had already created considerable interest in Northern Maine by the practice of faith healing. Hundreds visit his tent seeking cures from various ailments.

Perhaps the most astounding fact about this sect is their ability to provide for themselves on the proposed journey to Jerusalem.

"We neither beg, borrow nor steal," said the chieftain of the little band. 'We don't lack for anything. Jehovah provides. We know that God has sent us on this mission, and He works on the hearts of people. The expressman drove up to our camp yesterday and left two bags of potatoes. I have no idea who sent them."

He denied that any one in the party had funds. During their stay in Bangor the men folk made necessary repairs on the motors. Small contributions left by visitors to the camp were hoarded to buy gasolene.

A kettle of boiling water, in which were poured two cans of cocoa, and a few loaves of bread, constituted breakfast for the pilgrims. Only one other meal was served each day, usually consisting of potatoes baked in the open, bread, and whatever is brought by neighboring residents, occasionally a few strips of meat, but usually vegetables.

"Most of us started from Philadelphia," said their leader. "Our first stop was Washburn, Me., where we were scheduled to hold a number of meetings at a certain date. Now we are actually on our way to Palestine."

The elder plays mechanic as well as preacher. He repaired the motor of an automobile which had been functioning poorly. The cars were bought secondhand and have seen considerable wear. He said that the automobiles would be sold when the necessity arrived and his following would travel on foot, by boat, train, camels, and in the end possibly by airplane.

Practice Faith Healing.

He declared that none in the party ever visited a physician.

"Last night one of the sisters was very ill," he said "We prayed with her for a few minutes and then she was well again. I am glad to know that churhces in Boston are taking up with faith healing. I have many come to me, and the results have been wonderful."

No one in the sect smokes or uses tobacco in any form, according to the leader. Although none in the group is of the Jewish race, pork is taboo for those who follow him.

BARN AND HORSES BURNED

On Saturday evening the large barn owned by the Cascade Coal and Coke company at Tyler and in which they housed their mules and horses, was totally destroyed by a fire. The loss is placed at between $8,000 and $10,000, not fully insured. The origin of the fire is not known. That it was not caused by crossed wires was demonstrated by the fact that the lights were turned on when the rescue of the livestock was started Five horses were gotten out in safety, while it was impossible to reach four of them and they perished in the flames. There was very little hay or grain in the barn at the time of the fire. The loss included a large granary in addition to the barn.

U. M. W. A. POLICY COMMITTEE REJECTS OFFER OF OPERATORS

The Policy Committee appointed by the recent miners convention held in DuBois, met at Clearfield yesterday and after carefully considering the proposition tendered them by the operators associaton in response to their demands for increased wages, voted unanimously to refuse the offer. The Policy Committee voted to again take up the matter of securing a meeting with the operators and a committee was appointed to get in touch with President Ben Clark. Mr. Clark, in answer to the request for a joint conference to discuss the demands replied that he was not empowered to give an answer agreeing to a meeting but he would get in touch with the executive committee, agreeing to give an answer not later than Saturday.

It was agreed on the part of the committee that if the operators association persisted in their refusal to grant a joint meeting that the delegates to the district convention would be summoned to meet in DuBois one week from today, at which time the entire proposition will be submitted to them for final disposition.

It will be remembered that the special convention summoned to meet in DuBois appointed a Policy Committee which worked out new scale demands and presented them to the delegates and the Policy Committee was instructed to go ahead and arrange for a meeting with the operators. The Policy Committee made a request of the Operators Association for a joint scale meeting, but this request was refused, the operators claiming that there was no necessity for such a meeting, as the matter had been definitely settled by the commission. The operators conceded that the day men were entitled to more money and agreed to increase their scale by $1.50 per day. They refused however, to consider that the miners were entitled to any increase, and declined to discuss the matter in a joint scale committee. The counter proposal was considered at yesterday's meeting with the result that it was refused, and further efforts will be made to arrange for a joint scale meeting. It is believed that the operators will at least consent to go into a meeting with the Policy Committee in the near future.

LOCK HAVEN'S NEW TEACHERS

LOCK HAVEN, Pa., Sept. 9.—The new principal of the Lock Haven State Normal School, Dr. Drum, has been very fortunate in his selection of faculty members for the coming year. As director of the Training School and Instructor in Education he has engaged Professor R. S. McDougall, of Flushing, Michigan. Mr McDougall will give courses in Educational Measurements and the Introduction of Teaching. He holds an A. B. degree from the Michigan State Normal College, Ypsilanti, and an A. M. degree from Columbia University. He has had experience as a teacher in rural schools, principal, superintendent and Normal College instructor. Mr. and Mrs. McDougall will live at the school.

Another instructor in the Department of Education is Miss Jessie Scott Himes. Her work will be Psychology of Childhood and in Kindergarten and Primary Methods She comes to Lock Haven from the Oneonta New York State Normal School, where for the past five years she has been the director of the Kindergarten department. She is a graduate of Teachers College, with a B. S. degree in Education. Prior to taking this degree she attended the Chicago Kindergarten College and was graduated from the Oswego State Normal School. She is a woman who possesses rare charm of personality and will be highly attractive to students and patrons.

For the courses in Rural School Problems, Rural Sociology, and Educational Psychology, Miss L. A. Warburton, of Fayetteville, Arkansas, has been engaged. Miss Warburton grew up in the country, attended country schools, taught and supervised in country schools, and has taken special

(Continued On Page Five.)

NEAR-EAST RELIEF NEEDS OLD CLOTHES

A general call for everybody's old clothes has been sounded by the NEAR EAST RELIEF. With thousands of ill-clad people under its care, with its financial resources limited and with winter coming on, the organization has appealed to the American public to turn over its used wearing apparel for distribution among the destitute of Persia, Armenia, Mesopotamia and adjacent countries where the popultion far outnumbers the wearable garments on hand.

A drive for old clothes will be held in Western Pennsylvania on Wednesday, September 15, which has been designated as "Bundle Day." A similar drive took place last year, when 200 tons of clothing were collected and sent to Near Eastern countries. Official reports show that hundreds of lives were saved by the timely arrival of cast-off American garments—lives that would otherwise have been lost through exposure. The people to whom the old clothes went had been literally naked.

This year the need is greater than before. A larger number of refugees are dependent upon the Near East Relief than ever, because constantly increasing crowds of deportees are returning from the desert, where they were driven by the Turks, and the roads and towns are filled with people trying to get back to their old homes. These people are without food, clothes or money and are dependent upon relief organizations for the bare necessities of life.

Under such conditions anything wearable is hailed with delight. Hats, coats, shoes, dresses, underwear, stockings, men's clothes, women's clothes, children's clothes, infants' clothes—there is nothing that a human being can wear at any time of his existence, or any part of his anatomy, that is not wanted. Cotton clothes should be washed—but not ironed.

Stations for receiving your old clothes will be published later. Tie up your discarded garments and deliver them to the station nearest your house. The Near East Relief will do the rest. Before cold weather comes, every garment will be where it will do most good.

CLEARFIELD NOW HAS 1886 PUPILS IN HER SCHOOLS

The Clearfield public schools opened Tuesday morning last with a total enrollment for the first day of almost two thousand pupils.

Thanks to perfect organization, the usual first day scramble and confusion was entirely absent. The fifty odd teachers were at their posts, each pupil lined up at the place assigned him as a result of last year's promotions and each school opened and took up its work as though returning to work after a vacation period.

The High School shows the handsome total of 540 scholars, which is remarkable for a town of our size. This fact alone speaks volumes for the calibre of our high school and the results attained therein. These attendance figure are equal to those of the average high school in towns or cities of twice our size.

The enrollment figures for the different schools are as follows:—

High School	540
Jr. High School	292
Jr. High Elementary	94
Market Street	231
Fourth Ward	275
Third Ward	381
Reedsville	73
Total	1886

THE STOCK MARKET

NEW YORK, Sept. 9.—One o'clock prices in the stock exchange today were: American Locomotive 95¼, American Telephone and Telegraph 98⅞, Badlwin Locomotive 109¼, Bethlehem Steel B. 75½, Bethlehem Steel A. 106⅞, Crucible Steel 124, General Motors 21, Mexican Petroleum 168, Midvale Steel 39½, Republic Iron and Steel 83, St. Clair Oil 31, United States Steel 89⅛, preferred 106½, Westinghouse Electric 48¾.

Miss France Mapes left yesterday for Battle Creek, Mich., where she will study physical culture.

CLEARFIELD CHAPTER RED CROSS GETTING READY FOR PUBLIC HEALTH NURSES

The public health nursing service of the American Red Cross is being inaugurated in Clearfield County this week, the preliminary work incident to the final or actual establishing of this very necessary departure being completed by Miss Eva L. Smythe, former State Supervisor of Red Cross Nurses for the State of Missouri, who is Clearfield County Superintendent with Mrs. George B. Reed, of Clearfield, local Division Chairman. They are getting everything in readiness for the beginning of the work.

According to their plans the public health nursing service will be started in the townships, the idea being to get the plan underway and working before the roads break up in the fall.

The county has been divided into 2 sub-districts and the American Chapter of the Red Cross will have charge of the central and southeastern portion while the northwestern section will be under the control of the DuBois Chapter.

Four nurses will be employed in our district and it is hoped to have the plan in full operation by October 1st. These districts will be divided into sub-districts and each of these nurses centrally located in her sub-district.

The townships, as we said before, will be organized first, but Clearfield, on account of its central location as the county seat will be selected as a "health centre" and baby welfare and pre-natal clinics will be established here at once. As the work gets underway these baby clinics will also be established in the different townships.

The great necessity for education in public health matters was brought home to the thinking people of these United States by the lessons taught by the physical examination of our young men during war times, and the American Red Cross has taken upon itself the burden of directing the public effort along the proper lines to bring about much-needed improvement in the general health of our people. The Clearfield Chapter has long been at work on its plans for this territory and now that the movement is about to be launched it behooves every good citizen to get in line and lend their endeavors to make the new departure the success it should and undoubtedly will be.

The public health service headquarters will be located in Red Cross headquarters in the Murray building on Second street, where any information concerning the needs and progress of the campaign may be secured.

The American Red Cross Public Health Nursing Service is financed and operated by the American Red Cross alone and while it is independent of the State Health Department, expects to work in co-operation with the State health authorities in all things.

BELL TELEPHONE CO. MODIFIES CHANGES IN SETTLEMENT WITH RATE OBJECTORS

HARRISBURG, Pa., Sept. 8.—Modifications of the schedules and the service classification of the Bell Telephone company, which were agreed upon for submission to the Public Service Commission as a basis to settle the 100 complaints against the increased rates, will cut off over half a million dollars revenue per year and restore about fifty per cent of the free service through outlying districts, which was cut off May 1.

The agreement reached by attorneys for the complainant, headed by Charles K. Robbins, of Pittsburgh, and the Bell company's attorneys, covers hundreds of detailed statements, and will be considered by the commission as the means to settle the case.

Under the agreement the Bell company reclassified the exchanges in the state by adding one new class outside of Philadelphia and Pittsburgh. Business rates are reduced in New Castle, Lancaster, McKeesport, Rochester and affiliated exchanges and on rural lines the exchange rate is allowed to all points within a radius of two miles with the collection of a line mileage charge. Over 50 per cent. of the rural lines are affected.

Commissioner James N. Benn, after receiving the new schedule for consideration, said that no rights of any complainants to further objections are made by the consideration of the proposal.

Other features retained in the new agreement are for a 25 per cent. reduction in private branch exchanges having less than 80 lines, the retention of two party business and four party residence lines in Pittsburgh and Philadelphia.

The new schedule will benefit over 100,000 of the 400,000 subscribers in the state, according to R. V. Marye, counsel for the Bell company.

HARRISBURG, Sept. 8.—At the resumption of the hearing of the Bell Telephone rate case and the Public Service Commission yesterday morning, Attorney Robinson, for the complainants, submitted a proposed settlement of the case. This agreement made between the complainants and the Bell Telephone company attorneys provides for the reconsideration of rates, in certain towns and the elimination of toll charges on certain lines which were free prior to the introduction of the new schedule; a continuation of two and four party service in Philadelphia and Pittsburgh pending the introdution of automatic telephones and certain minor charges.

It was agreed that settlement should not close the door to any specific local complaints which might be brought before the Commission. It was estimated that the proposed settlement would reduce the revenue of the Bell company by about a half million dollars.

Certain minor objections by Philadelphia, Erie and Washington attorneys were made and entered on the record.

The Philadelphia department stores complaint against the new switchboard charges were taken up. Attorney Storey represented the complainants. The chief operators and cashier of Gimbel Brothers and the superintendents of Strawbridge and Clothier were called as witnesses and testified as to the services rendered, and the charges for the switchboard.

Before the adjournment Commissioner Benn stated that the commission would take care that the rights of none of the complainants would be abridged or lost through the settlement agreed upon by the attorneys.

CROFT WIFE BEATER BROUGHT TO JAIL

Harry Stuller, the wife beater, was brought up from Croft yesterday afternoon and lodged in jail by Corporal Hoffman and Trooper Goldberg of the State Police.

He is charged with aggravated assault and battery on his wife, and was lodged in jail in default of bail. Mrs. Stuller, who is at the home of her parents in the Third Ward, is suffering from a broken nose, has both eyes blackened and is otherwise cut and bruised.

When confronted by the battered woman in the 'Squire's office yesterday, Stuller whined and cried and coaxed her to withdraw the charge against him, but she refused to do so.

Stuller was before Judge Bell a couple of years ago charged with forgery and after entering a plea of guilty was paroled on condition that he join the navy, which he did. He may be sentenced on the forgery charge when he gets into court this time.

TOM WATSON NOMINATED FOR SENATOR

ATLANTA, Ga., Sept. 9.—Thos. Watson, former Congressman and former candidate on the Populist ticket, has been nominated U. S. Senator, according to returns from all sections today Watson is assured the requisite majority.

Mrs. Richard Seibert will entertain the St. Agnes Guild of the Episcopal Church tomorrow afternoon at her home on Turnpike avenue.

Be PrettY! Turn Gray Hair Dark

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded streaked or gray Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome Nowadays by asking at any good drug store for 'Wyeth's Sage and Sulphur Compound, you will get a large bottle of this famous old recipe of two ingredients, at a small cost

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly You dampen a sponge or soft brush with it and draw this through your hair taking one small strand at a time By morning the gray hair disappears, and after another application or two you have become beautifully improved by the absence of dandruff and itching

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance It is not intended for the cure, mitigation or prevention of disease

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning, to flush from the system the poisons, gases, waste, sour fermentations and poisonous toxins before it is absorbed into the blood Just as coal, when it burns leaves behind a certain amount of indigestible material in the form of ashes so the food and drink taken each day leave in the intestines a certain amount of indigestible material which must be eliminated Unless these poisons which are constantly forming are thrown off they are absorbed into the blood through the very tissues which are intended to absorb nourishment for the body

If you want to sweeten your stomach, liven your liver, get clear eyes and a good complexion, drink every morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it which is harmless means of washing from the system the poisonous toxins from the liver, kidneys and bowels, preparing the entire alimentary tract before putting more food into the stomach

Men and women with sallow skins, liver spots, pimples or pale complexions who wake up with a coated tongue, bad taste, nasty breath, often have associated with these troubles a sick headache, biliousness, nervousness, or indigestion, when a dose of limestone phosphate in hot water should be taken to relieve the poisons and thoroughly cleanse, sweeten and purify the entire system.

PROPHET SPANGLER SEES WORLD'S END

YORK Pa Sept 8—Prophet Lee J Spangler of this city gives as his last prophecy the following

'Great troubles and powerful sights will now come to pass the tyranny of the Romans and Labor will overthrow all governments and throw the grafters and vote buyers out of authority and bring down the high cost of living After these troubles the world will end There will be a new heaven and earth Heaven will pass away as do the shadows Heaven will be rolled up as a scroll and will pass away with a powerful noise The powers of heaven will be shaken, the earth will be burned it will melt with fervent heat There will be no more sea, the new earth will be of the righteous to dwell

'The coming of Christ will also take place He will come with clouds, as the lightning flashes from the east to the west, so will it be at the second coming of Christ We will meet the Lord in the air not on earth If any man come and say that Christ is on the earth he is a liar Believe it not We will call the righteous, and they will be gathered together, for unto Jesus shall the gathering be

"I am 67 years old and shall not see death; my own eyes shall see the appearing of Christ with all his saints, for we love his appearing In the twinkling of an eye we will be changed and meet the Lord in the air

"PROPHET SPANGLER"

Prophet Spangler saw the end of the world "in the stars" several years ago, if we remember correctly That time he even went so far as to get ready for the coming and with a large concourse of followers gathered on a high hill somewhere along the Hudson river in New York state on his appointed day and got ready to 'jump off' when the time came

His followers not wishing to be handicapped with earthly things divested themselves of their worldly possessions and possessed themselves of nothing but their ascension robes

They gathered at the rallying point with Prophet Spangler on the day and patiently waited They stood the jar and the jeering persiflage of the unbelieving attracted to the spot in a spirit of fun, for the better part of the day but when nothing happened as the hours whirled off into eternity the holier spirits in the gathering got sore at peeved and finally fell upon the Prophet hip and thigh and raced him through a cornfield and about the countryside in his flimsy garments and he narrowly escaped serious injury in the race

But Prophet Spangler has "come back" with another prophecy and has a second date fixed for the bumping off of this old world of ours Hope he fixes it after November 2d because we expect to be elected to Congress from this district on that date, and would hate like sixty to be headed off before we could find out for ourselves just how a real live Congressman felt But if this old world of ours goes up before that time we are going up along with Bro Spangler

FIRST LETTER FROM THE WHITE HOUSE

By H O Bishop

Every woman in America is curious to know whether Mr Harding or Mrs Cox will be the next mistress of the White House The personality and daily doings of the first lady of the land have ever attracted wide attention

If the next lady who occupies the home of the nation's chief executive prove to be as much of a real human being as was the first one, interest in the historic mansion will be greatly revived Abigail Adams, wife of John Adams second President of the United States, had the honor of being the first woman to set up housekeeping in the White House She likewise had the distinction of being the first woman to write a letter from the White House

Her letter follows

November 21, 1800

Woods meet all you see from Baltimore until you reach the city, which is only in name Here and there is a small cot with a few window, interspersed among the woods, that which you travel miles with it seeming any human being, In the city there are buildings enough, if they were compact and finished to accommodate Congress and those attached to it but as they are, and scattered as they are I see no great comfort for them The river, which runs up to Alexandria, I am in full view of my window, and I see the vessels as they pass and repass The house is upon a grand and superb scale, requiring about thirty servants to attend and keep the apartments in proper order and perform the ordinary business of the house and table, an establishment exactly well proportioned to the President's salary The work of lighting the apartments, from the kitchen to parlor and chambers, is a task indeed, and the fires we are obliged to keep to secure us from daily agues is another very cheering comfort to assist us in this great castle Bells are wholly wanting, not one single bell being hung, through the whole house, and promises are all you can obtain This is so great an inconvenience that I do not know what to do or how to do The ladies from Georgetown and in the city have many of them visited me Yesterday I returned fifteen visits—but such a place as Georgetown appears—why, as Milton is beautiful But no comparison, if they will put me up some bells, and let me have wood enough to keep fire, I design to be pleased I could content myself almost anywhere for three months, but, surrounded by forests, can you believe that wood is not to be had, because people cannot be found to cut and cart it? Briesler entered into contract with a man to supply him with wood A small part, a few cords only, has been able to get Most of that was expended to dry the walls of the house before we came in and yesterday the man told him it was impossible for him to procure it to be cut and carted He has had recourse to coals, but we cannot get grates set in We have indeed come into a new country

The house is made habitable, but there is not a single apartment finished, and all within side, except the plastering, has been done since Briesler came We have not the least fence yard or other convenience without and the great unfinished audience room I make a drying room of to hang up the clothes in The principal stairs are not up, and will not be this winter Six chambers are made comfortable two are occupied by the President and Mr Shaw, two lower rooms for a common parlor and one for a levee room Upstairs there is the oval room, which is designed for the drawing room and has the crimson furniture in it It is a very handsome room now but when completed it will be beautiful

Since I sat down to write, I have been called down to a servant from Mount Vernon, with a billet from Major Custis, and a haunch of venison, and a kind, congratulatory letter from Mrs Lewis upon my arrival in the city, with Mrs Washington's love inviting me to Mount Vernon where health permitting, I will go before I leave this place

The next letter written by Mrs Adam was equally interesting, it was as follows

Briesler procured nine cord of wood between six and seven of that was kindly burnt up to dry the walls of the house, which ought to have been done by the Commissioners but which if left to them, would have remained undone to this day

The vessel which has my clothes and other matters is not arrived The ladies are impatient for a drawing room I have no looking glass but a dwarf for the house not a twentieth part lamp enough but light it Many things were stolen unavoidably taken by removal and many the number my tenchants more than all mine Georgetown afford nothing My room the very pleasantest and a white thicket of the future closet

Referendum

Referendum is a Latin word now Anglicised This and several kindred words are derived from the Latin verb refero I bear, I carry I give back from re back; and fero I bear The word referendum is a neuter noun and means the submission of a proposed public measure or law which has been passed upon by the legislature to a vote of the people for ratification or rejection that is the legislators refer or carry back measure to the electorate

HOME! What does that word mean to you? It meant much to Mary Kirk until—See CHARLIE CHAPLIN'S bride in this brilliant photodrama.

Town Without Streets.

The smallest dependency of France is the Ile d Hoedic, situated at the east of Belle Isle. Its population is 228, and the people do not speak French, but Celtic. Fishing is the principal industry, and all the inhabitants are provided with food at an inn managed by women. The town has no streets and the houses are mostly of mud.

Cairfowl Once Valuable Bird.

Off the coast of Newfoundland lies a group of islands called the Funks. Here in the beginning of the last century the garfowl, with its short, abortive wings, resorted in hundreds and hundreds of thousands to breed. Its feathers were soft and fine. Beneath the feathers was a thick coating of valuable down, and its flesh, after the bird had been soaked, was extremely palatable.

Glass Fruit Jars

THREE KILLED IN STEAMBOAT EXPLOSION

CLEVELAND, Sept 9—Federal officials started an investigation into the explosion in the boiler room of the steamship Empire City with a loss of three dead. A S Cove and T J O'Neal of Chicago were instantly killed and Harry Cooper of Cleveland, was so seriously injured that he died early today. The explosion occurred when the steam was 20 miles from Cleveland.

If Skin Breaks Out And Itches Apply Sulphur

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stop and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruption, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.

Store Opens at 8 A. M. Store Closes at 5 P. M.

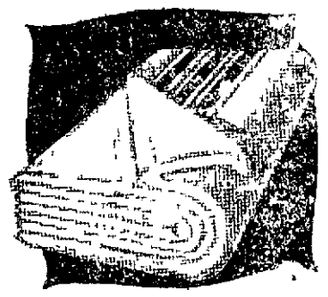
Early Fall Sale of Blankets At Special Discount Of 10 Per Cent

BEGINNING SATURDAY, SEPT. 11TH AND CONTINUING THE WEEK FOLLOWING



Anticipating your future needs we place our entire stock of cotton, wool nap and all wool blankets on sale—at a time when cool nights suggest the coming of winter.

The entire output of the blanket mills for 1920 are in the jobbers and retailers stock. So our regular prices will be no lower this season.

We are fortunate in securing the good, reliable 100 per cent. all wool MUNCY Blanket. Also their sanitary, all wool filled, cotton warp, grey and tan blankets and the A. R. Gibbony or Cedar Hill Blankets.

These are the same all wool blankets as made in pre war days.

The above blankets and all sizes in plain and plaid wool nap and cotton blankets on sale and subject to 10 per cent. discount.

FOR AUTUMN---A NEW SUIT

Crisp cool days that urge you to be out are even more delightful when you are conscious of the newness, smartness and beauty of a new suit.

The lines, generally speaking are youthfully straight and slim, with now and then a jaunty, rippled jacket and on some enormous and becoming collars of fur.

Finding a suit this season that is smart and attractive is indeed simple when you see the numerous beautiful models now on display in our show rooms.

A Coat Selected Early Gives So Much More Pleasure

Why not select yours now and have it for immediate use as well as later wear? Among this collection is every new style departure you could wish for, utility coats and dressy coats with large collars of cloth and fur, with a range of prices from $25 to $100

Autumn Millinery Of Great Charm

The new draped hats made up in wonderful fabrics.

Duvetyn, satin and velvet, made into graceful turbans and many other styles for street and dress wear. Also girls and children's hats of the latest design can be foud among our Fall headwear.

Keynotes of The New Styles

As Shown in Our Complete Display of Women's Wear

EXCLUSIVE SUITS WITH TOUCHES OF NEWNESS

The suits this year show decided change from the prevailing styles of previous seasons, and though there may be some details of Fall Fashions open to doubt, here are two models that are absolutely correct in every detail.
The redingate, or long, semi-fitted coat extending to within twelve inches of the skirt hem has already received indorsement. This type of suit coat is made with flaring underarm seams, slender hips and full flaring skirt section. The second style of suit, unique and interesting in its originality, is made with long straight back and bloused bodice in front with two short peplums below the waist.
Priced to accord with the present revolt against extravagance.

The New Fall Hats

Are Replete With Charming Innovations

This comprehensive display of new millinery is expressive of the new season, as you will notice from the charming new motifs and variously colored trimmings. Its variety of modes offers you a splendid and individual choice from small or big picture hats of the favored vogue.

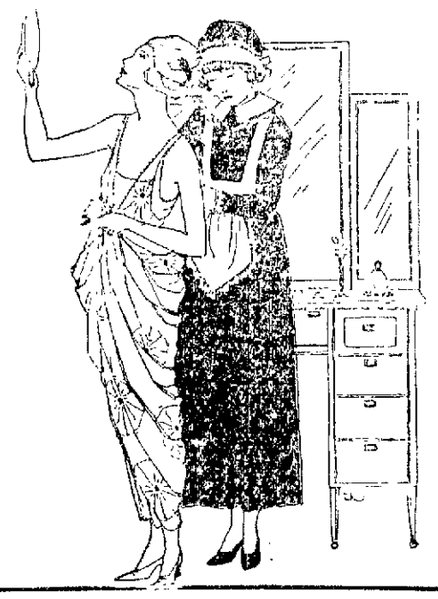
Fall Showing of New Silk Or Wool DRESSES

We are now showing the dominating style influences for fall wear which are thoroughy represented in this comprehensive display. The colorings and fabrics add much to the diversity and exclusiveness of the style developments in every model shown.

Silk Dresses from ..... $37.50 to $95.00
Wool Dresses from ..... $25.00 to $97.50

Skirts For Sports Wear Reveal Gayety Of Plaids and Checks

Our first showing of skirts for the new season comprises a number of models in various interesting plaids and stripes as well as novel combinations. These are all in neat styles portraying the new knife pleating differing from the accordeon pleats which were so much in evidence in Spring modes. Prices range from ..... $7.50 to $37.50



Mothers Will Want To See These New, Exclusive Creations For Girls School Wear

When we say we have the choicest showing of Fall styles for school girls ever presented in this city, you will realize in some measure what we are inviting you to come and inspect. You'll find original models and fascinating reproductions in fall suits, coats and dresses, charming millinery, pretty blouses, as well as dainty underwear and other lines of dry goods that the school lass needs and for which we are so favorably known.

You certainly should see our display, while it is resplendent with these captivating and exclusive creations. Our prices, as usual, are uncommonly and consistently reasonable.

The New Jack Tar Togs are here, also the new Lotta Wear Gingham Dresses. Come in and see them.

Meat Cause Of Kidney Trouble

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted athority who tells us that meat forms uric acid which almost paralyzes the kidneys in their effort, to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to clean-e the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; ta a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Mrs. Rhoda Reese of Karthaus is visiting with friends here.

Mrs. Kate Fullington and daughter Lena are visiting with relatives in Indiana and attending the Fair.

Harold Kriglit left today for Lewistown, where he has accepted a position.

Allen Murray and daughter Mrs. Washburn and her two children of Portland, Oregon, are guests of Mrs. Freeman Shope on Nichols street, sister of Mr. Murray.

Mr. and Mrs. John Richard and son and Mrs. Mary Jane Kruger of Morris Run motored to Hollwood and Barnesboro to spend a few days.

Raymond Gearhart of Erie is visiting his parents Mr. and Mrs. George Gearhart on William street.

Mr. and Mrs. Howard Schurig have returned from a trip to Buffalo, N. Y., and Pittsburgh.

Mrs. Lena Spencer and sons, who have been visiting relatives here, returned to their home in St. Marys.

Mrs. Mary Glenn-on of Charleston, W. Va., visited a few days with relatives at the Kriagle home on Locust street. Mrs. Glenn-on is a daughter of Mrs. M. V. Smith, formerly of Clearfield.

Mrs. Mary Flegal and children returned to their home in Rossiter after spending Labor Day with their mother and grandmother, Mrs. D. F. Flegal on Ogden avenue.

Miss Katharine Weiser who has been spending a few days with her sister, Mrs. D. F. Flegal, of Ogden avenue, left last evening for Wallaceton to visit her sister Mrs. Loy Gillman.

Harry Wicks of Portage is visiting at the home of his cousin Richard Gilbert on Turnpike avenue.

FIREMEN INJURED AT TARENTUM

TARENTUM, Sept. 9.—Ten firemen were injured and a loss of several thousand dollars was caused when fire gutted the J. C. Baker Hardware Store here. An explosion of carbide was believed responsible for the fire, which raged for more than an hour.

At Lunch Time.

The struggle to make both ends meet often results in an empty middle.—Boston Transcript.

THREE HUNDRED PEOPLE REPORTED KILLED IN ITALY'S EARTHQUAKE

FLORENCE, Italy, Sept. 8—Graver news from the area affected by Tuesday's earthquake was received today the number of victims being put at several hundred dead and injured. The quake caused great damage in the provinces of Florence, Lisa, Leghorn, Lucca, Massa Carrara, Reggo d'Emilia, Modena and Piacenza. The shock was felt in the surrounding provinces as far as Milan, but there was no injury to life or property.

Fivizzao where the damage to buildings was especially heavy, was a flourishing little town perched on the slopes of the Apennies. It possessed an old town hall and also the ruins of a castle. The whole scene is one of ruin, with hundreds of the inhabitants buried under the debris. Groans and cries were heard on all sides as rescuers worked feverishly.

LONDON, Sept. 8—The "Epocha" of Rome estimates 300 people were killed in Tuesday's earthquake, says a Stefian news agency dispatch this evening.

COX SLUSH FUND PROBE UNEARTHS BUT LITTLE

DEMOCRATIC CANDIDATE IN MONTANA ADDRESS SAYS HAYS SHOULD QUIT AS NATIONAL CHAIRMAN

REPEATS FALSE TESTIMONY CHARGE

CHICAGO, Sept. 9—Resuming the examination of Harry M. Blair, assistant treasurer of the Republican National Committee Senator Reed questioned Blair about the funds being raised in the large cities of the country, Reed questioned Blair in an attempt to prove Governor Cox's charges that exact quotas were fixed for more than fifty cities. Cox in his Pittsburgh speech said that quotas had been fixed for 81 cities which would total $8,145,000. One of these for $400,000 for Cleveland, Ohio, was testified to yesterday as correct by Dudley S. Blosson.

By HERBERT W. WALKER

En route with Governor Cox, Great Falls, Mont., Sept. 9—Will H. Hays, chairman of the Republican National Committee, should be discharged as the result of testimony before the Senate Campaign Expenditures committee yesterday, Governor James M. Cox said here before leaving for Helena to open the second day's stump campaign in Montana. Cox referred to the statement of Dudley, of Cleveland, who attempted to raise $400,000 in Cuyahoga County, Ohio. Cox spoke of this in his Pittsburgh speech. Cox challenged the committee to call on Chicago Republicans who have been raising big money there.

"The testimony of Mr. Blossom," Cox said, "is just another evidence of the fact that the Republicans should discharge Hays. He did not tell a bit of truth in Chicago. If the committee will just dig up the Chicago group it will find enough to keep it busy for a week."

AUTHORITIES AT MORRISTOWN, TENNESSEE THINK THEY HAVE LOST BLAKELY COUGHLAN

PHILADELPHIA, Sept. 9—"This is news to me," said George H Coughlin when informed that a child resembling his son. Blakely was being held at Morristown, Tennessee, by the authorities there awaiting identification. "I have all of the time held some hope that Blakely may be still alive and I will act at once on your information and communicate with Deputy Sheriff Neal" He said, however, that the description of the Morristown child did not tally with that of his child. "Blakely had light hair but it did not have a tendency to light yellow. It was rather light brown" he said. Coughlin said his child was not able to walk when informed that the baby in Morristown ran from a negress to a white man. "Bakely was not able to walk when kidnapped and it seems to have been too much to have mastered at in three months. However if may be possible," he said

The police at Norristown have received no word from Morristown, Tenn. The police will send a picture and description of Blakely to Tennessee.

Blakely was 13 months old when kidnapped early on the morning of June 2. from his parents home at Norristown. After two months search the police and detectives believed Blakely dead. Augusto Pasquale is held in the Norristown jail in connection with the kidnapping and on a charge of swindling $12,000 from George Coughlin. He will be tried at the September term of court

VILLISTAS DO BUSINESS NEAR PITTSBURGH

PITTSBURGH, Sept. 9 Three Mexican bandits early today held up a labor camp along the Pennsylvania railroad at Millvale near here and escaped with $12,000 after wounding three men The robbers are believed to be employes of the labor gang. While the police were searching for the men a rail on the tracks was found loosened

LORD MAYOR MACSWINEY CONTINUES TO FAIL

LONDON, Sept 9 Lord Mayor MacSwiney was much weaker today on the 29th day of his hunger strike, a bulletin issued from the Sinn Fein headquarters here today said. "The Lord Mayor spent a very bad night," the statement said. "He complained of giddiness and faintness."

EVEN THE GOVERNMENT IS PROFITEERING

LAUREL CITY, Pa. Sept 9– Charges that the government is [illegible] foreign money orders was made by Dr. Morgan Byrne prominent educator here who has asked Attorney General Palmer to investigate.

ENROUTE TO PALESTINE FOR SECOND ADVENT

Members of An Unnamed Sect Are Headed For Holy Land In AutomObiles

DON'T BEG, BORROW OR STEAL

BANGOR, Me., Sept. 8.—A strange little caravan of six men and eighteen young women gathered here recently from distant parts of the world to begin a wandering which they believe will eventually lead them to Palestine in time to witness the second coming of the Lord. They expect to augment their forces by hundreds and thousands before the Holy Land is reached.

Meanwhile they remain nameless pilgrims, who have severed all home ties, and profess to have left behind them all worldly desires and pleasures. They live in tents here until they set out for journey point to point in three large automobiles, to their first stopping place, being in the neighborhood of Boston.

"Jehovah Provided."

Their leader, a tall, gaunt, gray-whiskered individual, had already created considerable interest in Northern Maine by the practice of faith healing. Hundreds visit his tent seeking cures from various ailments.

Perhaps the most astounding fact about this sect is their ability to provide for themselves on the proposed journey to Jerusalem.

"We neither beg, borrow nor steal," said the chieftain of the little band. 'We don't lack for anything. Jehovah provides. We know that God has sent us on this mission, and He works on the hearts of people. The expressman drove up to our camp yesterday and left two bags of potatoes. I have no idea who sent them."

He denied that any one in the party had funds. During their stay in Bangor the men folk made necessary repairs on the motors. Small contributions left by visitors to the camp were hoarded to buy gasolene.

A kettle of boiling water, in which were poured two cans of cocoa, and a few loaves of bread, constituted breakfast for the pilgrims. Only one other meal was served each day, usually consisting of potatoes baked in the open, bread, and whatever is brought by neighboring residents, occasionally a few strips of meat, but usually vegetables.

"Most of us started from Philadelphia," said their leader. "Our first stop was Washburn, Me., where we were scheduled to hold a number of meetings at a certain date. Now we are actually on our way to Palestine."

The elder plays mechanic as well as preacher. He repaired the motor of an automobile which had been functioning poorly. The cars were bought secondhand and have seen considerable wear. He said that the automobiles would be sold when the necessity arrived and his following would travel on foot, by boat, train, camels, and in the end possibly by airplane.

Practice Faith Healing.

He declared that none in the party ever visited a physician.

"Last night one of the sisters was very ill," he said "We prayed with her for a few minutes and then she was well again. I am glad to know that churhces in Boston are taking up with faith healing. I have many come to me, and the results have been wonderful."

No one in the sect smokes or uses tobacco in any form, according to the leader. Although none in the group is of the Jewish race, pork is taboo for those who follow him.

BARN AND HORSES BURNED

On Saturday evening the large barn owned by the Cascade Coal and Coke company at Tyler and in which they housed their mules and horses, was totally destroyed by a fire. The loss is placed at between $8,000 and $10,000, not fully insured. The origin of the fire is not known. That it was not caused by crossed wires was demonstrated by the fact that the lights were turned on when the rescue of the livestock was started Five horses were gotten out in safety, while it was impossible to reach four of them and they perished in the flames. There was very little hay or grain in the barn at the time of the fire. The loss included a large granary in addition to the barn.

U. M. W. A. POLICY COMMITTEE REJECTS OFFER OF OPERATORS

The Policy Committee appointed by the recent miners convention held in DuBois, met at Clearfield yesterday and after carefully considering the proposition tendered them by the operators associaton in response to their demands for increased wages, voted unanimously to refuse the offer. The Policy Committee voted to again take up the matter of securing a meeting with the operators and a committee was appointed to get in touch with President Ben Clark. Mr. Clark, in answer to the request for a joint conference to discuss the demands replied that he was not empowered to give an answer agreeing to a meeting but he would get in touch with the executive committee, agreeing to give an answer not later than Saturday.

It was agreed on the part of the committee that if the operators association persisted in their refusal to grant a joint meeting that the delegates to the district convention would be summoned to meet in DuBois one week from today, at which time the entire proposition will be submitted to them for final disposition.

It will be remembered that the special convention summoned to meet in DuBois appointed a Policy Committee which worked out new scale demands and presented them to the delegates and the Policy Committee was instructed to go ahead and arrange for a meeting with the operators. The Policy Committee made a request of the Operators Association for a joint scale meeting, but this request was refused, the operators claiming that there was no necessity for such a meeting, as the matter had been definitely settled by the commission. The operators conceded that the day men were entitled to more money and agreed to increase their scale by $1.50 per day. They refused however, to consider that the miners were entitled to any increase, and declined to discuss the matter in a joint scale committee. The counter proposal was considered at yesterday's meeting with the result that it was refused, and further efforts will be made to arrange for a joint scale meeting. It is believed that the operators will at least consent to go into a meeting with the Policy Committee in the near future.

LOCK HAVEN'S NEW TEACHERS

LOCK HAVEN, Pa., Sept. 9.—The new principal of the Lock Haven State Normal School, Dr. Drum, has been very fortunate in his selection of faculty members for the coming year. As director of the Training School and Instructor in Education he has engaged Professor R. S. McDougall, of Flushing, Michigan. Mr McDougall will give courses in Educational Measurements and the Introduction of Teaching. He holds an A. B. degree from the Michigan State Normal College, Ypsilanti, and an A. M. degree from Columbia University. He has had experience as a teacher in rural schools, principal, superintendent and Normal College instructor. Mr. and Mrs. McDougall will live at the school.

Another instructor in the Department of Education is Miss Jessie Scott Himes. Her work will be Psychology of Childhood and in Kindergarten and Primary Methods She comes to Lock Haven from the Oneonta New York State Normal School, where for the past five years she has been the director of the Kindergarten department. She is a graduate of Teachers College, with a B. S. degree in Education. Prior to taking this degree she attended the Chicago Kindergarten College and was graduated from the Oswego State Normal School. She is a woman who possesses rare charm of personality and will be highly attractive to students and patrons.

For the courses in Rural School Problems, Rural Sociology, and Educational Psychology, Miss L. A. Warburton, of Fayetteville, Arkansas, has been engaged. Miss Warburton grew up in the country, attended country schools, taught and supervised in country schools, and has taken special

(Continued On Page Five.)

NEAR-EAST RELIEF NEEDS OLD CLOTHES

A general call for everybody's old clothes has been sounded by the NEAR EAST RELIEF. With thousands of ill-clad people under its care, with its financial resources limited and with winter coming on, the organization has appealed to the American public to turn over its used wearing apparel for distribution among the destitute of Persia, Armenia, Mesopotamia and adjacent countries where the popultion far outnumbers the wearable garments on hand.

A drive for old clothes will be held in Western Pennsylvania on Wednesday, September 15, which has been designated as "Bundle Day." A similar drive took place last year, when 200 tons of clothing were collected and sent to Near Eastern countries. Official reports show that hundreds of lives were saved by the timely arrival of cast-off American garments—lives that would otherwise have been lost through exposure. The people to whom the old clothes went had been literally naked.

This year the need is greater than before. A larger number of refugees are dependent upon the Near East Relief than ever, because constantly increasing crowds of deportees are returning from the desert, where they were driven by the Turks, and the roads and towns are filled with people trying to get back to their old homes. These people are without food, clothes or money and are dependent upon relief organizations for the bare necessities of life.

Under such conditions anything wearable is hailed with delight. Hats, coats, shoes, dresses, underwear, stockings, men's clothes, women's clothes, children's clothes, infants' clothes—there is nothing that a human being can wear at any time of his existence, or any part of his anatomy, that is not wanted. Cotton clothes should be washed—but not ironed.

Stations for receiving your old clothes will be published later. Tie up your discarded garments and deliver them to the station nearest your house. The Near East Relief will do the rest. Before cold weather comes, every garment will be where it will do most good.

CLEARFIELD NOW HAS 1886 PUPILS IN HER SCHOOLS

The Clearfield public schools opened Tuesday morning last with a total enrollment for the first day of almost two thousand pupils.

Thanks to perfect organization, the usual first day scramble and confusion was entirely absent. The fifty odd teachers were at their posts, each pupil lined up at the place assigned him as a result of last year's promotions and each school opened and took up its work as though returning to work after a vacation period.

The High School shows the handsome total of 540 scholars, which is remarkable for a town of our size. This fact alone speaks volumes for the calibre of our high school and the results attained therein. These attendance figure are equal to those of the average high school in towns or cities of twice our size.

The enrollment figures for the different schools are as follows:—

High School	540
Jr. High School	292
Jr. High Elementary	94
Market Street	231
Fourth Ward	275
Third Ward	381
Reedsville	73
Total	1886

THE STOCK MARKET

NEW YORK, Sept. 9.—One o'clock prices in the stock exchange today were: American Locomotive 95¼, American Telephone and Telegraph 98⅞, Badlwin Locomotive 109¼, Bethlehem Steel B. 75½, Bethlehem Steel A. 106⅞, Crucible Steel 124, General Motors 21, Mexican Petroleum 168, Midvale Steel 39½, Republic Iron and Steel 83, St. Clair Oil 31, United States Steel 89⅛, preferred 106½, Westinghouse Electric 48¾.

Miss France Mapes left yesterday for Battle Creek, Mich., where she will study physical culture.

CLEARFIELD CHAPTER RED CROSS GETTING READY FOR PUBLIC HEALTH NURSES

The public health nursing service of the American Red Cross is being inaugurated in Clearfield County this week, the preliminary work incident to the final or actual establishing of this very necessary departure being completed by Miss Eva L. Smythe, former State Supervisor of Red Cross Nurses for the State of Missouri, who is Clearfield County Superintendent with Mrs. George B. Reed, of Clearfield, local Division Chairman. They are getting everything in readiness for the beginning of the work.

According to their plans the public health nursing service will be started in the townships. the idea being to get the plan underway and working before the roads break up in the fall.

The county has been divided into 2 sub-districts and the American Chapter of the Red Cross will have charge of the central and southeatern portion while the northwestern section will be under the control of the DuBois Chapter.

Four nurses will be employed in our district and it is hoped to have the plan in full operation by October 1st. These districts will be divided into sub-districts and each of these nurses centrally located in her sub-district.

The townships, as we said before, will be organized first, but Clearfield, on account of its central location as the county seat will be selected as a "health centre" and baby welfare and pre-natal clinics will be established here at once. As the work gets underway these baby clinics will also be established in the different townships.

The great necessity for education in public health matters was brought home to the thinking people of these United States by the lessons taught by the physical examination of our young men during war times, and the American Red Cross has taken upon itself the burden of directing the public effort along the proper lines to bring about much-needed improvement in the general health of our people. The Clearfield Chapter has long been at work on its plans for this territory and now that the movement is about to be launched it behooves every good citizen to get in line and lend their endeavors to make the new departure the success it should and undoubtedly will be.

The public health service headquarters will be located in Red Cross headquarters in the Murray building on Second street, where any information concerning the needs and progress of the campaign may be secured.

The American Red Cross Public Health Nursing Service is financed and operated by the American Red Cross alone and while it is independent of the State Health Department, expects to work in co-operation with the State health authorities in all things.

BELL TELEPHONE CO. MODIFIES CHANGES IN SETTLEMENT WITH RATE OBJECTORS

HARRISBURG, Pa., Sept. 8.—Modifications of the schedules and the service classification of the Bell Telephone company, which were agreed upon for submission to the Public Service Commission as a basis to settle the 100 complaints against the increased rates, will cut off over half a million dollars revenue per year and restore about fifty per cent of the free service through outlying districts, which was cut off May 1.

The agreement reached by attorneys for the complainant, headed by Charles K. Robbins, of Pittsburgh, and the Bell company's attorneys, covers hundreds of detailed statements, and will be considered by the commission as the means to settle the case.

Under the agreement the Bell company reclassified the exchanges in the state by adding one new class outside of Philadelphia and Pittsburgh. Business rates are reduced in New Castle, Lancaster, McKeesport, Rochester and affiliated exchanges and on rural lines the exchange rate is allowed to all points within a radius of two miles with the collection of a line mileage charge. Over 50 per cent. of the rural lines are affected.

Commissioner James N. Benn, after receiving the new schedule for consideration, said that no rights of any complainants to further objections are made by the consideration of the proposal.

Other features retained in the new agreement are for a 25 per cent. reduction in private branch exchanges having less than 80 lines, the retention of two party business and four party residence lines in Pittsburgh and Philadelphia.

The new schedule will benefit over 100,000 of the 400,000 subscribers in the state, according to R. V. Marye, counsel for the Bell company.

HARRISBURG, Sept. 8.—At the resumption of the hearing of the Bell Telephone rate case and the Public Service Commission yesterday morning, Attorney Robinson, for the complainants, submitted a proposed settlement of the case. This agreement made between the complainants and the Bell Telephone company attorneys provides for the reconsideration of rates, in certain towns and the elimination of toll charges on certain lines which were free prior to the introduction of the new schedule; a continuation of two and four party service in Philadelphia and Pittsburgh pending the introdution of automatic telephones and certain minor charges.

It was agreed that settlement should not close the door to any specific local complaints which might be brought before the Commission. It was estimated that the proposed settlement would reduce the revenue of the Bell company by about a half million dollars.

Certain minor objections by Philadelphia, Erie and Washington attorneys were made and entered on the record.

The Philadelphia department stores complaint against the new switchboard charges were taken up. Attorney Storey represented the complainants. The chief operators and cashier of Gimbel Brothers and the superintendents of Strawbridge and Clothier were called as witnesses and testified as to the services rendered, and the charges for the switchboard.

Before the adjournment Commissioner Benn stated that the commission would take care that the rights of none of the complainants would be abridged or lost through the settlement agreed upon by the attorneys.

CROFT WIFE BEATER BROUGHT TO JAIL

Harry Stuller, the wife beater, was brought up from Croft yesterday afternoon and lodged in jail by Corporal Hoffman and Trooper Goldberg of the State Police.

He is charged with aggravated assault and battery on his wife, and was lodged in jail in default of bail. Mrs. Stuller, who is at the home of her parents in the Third Ward, is suffering from a broken nose, has both eyes blackened and is otherwise cut and bruised.

When confronted by the battered woman in the 'Squire's office yesterday, Stuller whined and cried and coaxed her to withdraw the charge against him, but she refused to do so.

Stuller was before Judge Bell a couple of years ago charged with forgery and after entering a plea of guilty was paroled on condition that he join the navy, which he did. He may be sentenced on the forgery charge when he gets into court this time.

TOM WATSON NOMINATED FOR SENATOR

ATLANTA, Ga., Sept. 9.—Thos. Watson, former Congressman and former candidate on the Populist ticket, has been nominated U. S. Senator, according to returns from all sections today Watson is assured the requisite majority.

Mrs. Richard Seibert will entertain the St. Agnes Guild of the Episcopal Church tomorrow afternoon at her home on Turnpike avenue.

Be PrettY! Turn Gray Hair Dark

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded streaked or gray Years ago the only way to get this mixture was to make it at home, which is mussy and trouble some Now days by asking at any good drug store for 'Wyeth Sage and Sulphur Compound, you will get a large bottle of this famous old recipe of two ingredients, at a small cost

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly You dampen a sponge or soft brush with it and draw this through your hair taking one small strand at a time By morning the gray hair disappears, and after another application or two you have become beautifully improved by the absence of dandruff and itching

Wyeth Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance It is not intended for the cure mitigation or prevention of disease

Eat, Drink and be Merry

Indigestion, heart-burn, biliousness or stomach disorders, simply cannot bother the stomach when Dill's Digesters are taken after meals. Dill's Digesters drive away dyspepsia in short order Pleasant to take. Your druggist sells Dill's Digesters in the handy vest-pocket bottle.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath every morning to flush from the system the poisons, gases, waste, sour fermentations and poisonous toxins before it is absorbed into the blood Just as coal, when it burns leaves behind a certain amount of indigestible material in the form of ashes so the food and drink taken each day leave in the intestines a certain amount of indigestible material which must be eliminated Unless these poisons which are constantly forming in the bowels are thrown off they are absorbed into the blood through the very tissues which are intended to absorb nourishment to sustain the body

If you want to feel your best, look your best, have your complexion clear and bright, get better color and clearer eyes, drink every morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it which is a harmless means of washing from the system these poisonous toxins from the stomach, liver and bowels and how much better you feel, how much more vivacious and energetic, how much sweetening and purifying the entire alimentary tract before putting more food into the stomach

Women with sallow skins, liver spots, pimples or pale complexions who wake up with a coated tongue, bad taste, nasty breath, dizziness, sick headache, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and a small glass of very hot water before breakfast for a few days will prove a revelation to those who have never taken this delightful inside bath

Ask your druggist for a quarter pound of limestone phosphate which costs very little but is sufficient to last the average family for a long time and is the best means of washing from the system the poisons and toxins and keeping the blood pure, the skin beautiful, the complexion rosy and the whole body full of energy

Men who want to attain or retain that physical trim should also observe the morning hot water drinking and a small glass of very hot water before breakfast for a few days will prove a revelation to those who have never taken this delightful inside bath

Ask your druggist for a quarter pound of limestone phosphate which costs very little but is sufficient to last the average family for a long time and is the best means of washing from the system the poisons and toxins and keeping the blood pure, the skin beautiful, the complexion rosy and the whole body full of energy

PROPHET SPANGLER SEES WORLD'S END

YORK Pa Sept 8—Prophet Lee J Spangler of this city gives as his last prophecy the following

'Great troubles and powerful sights will now come to pass the tyranny of the Romans and Labor will overthrow all governments and throw the grafters and vote buyers out of authority and bring down the high cost of living After these troubles the world will end There will be a new heaven and earth Heaven will pass away as do the shadows Heaven will be rolled up as a scroll and will pass away with a powerful noise The powers of heaven will be shaken, the earth will be burned it will melt with fervent heat There will be no more sea, the new earth will be of the righteous to dwell

'The coming of Christ will also take place He will come with clouds, as the lightning flashes from the east to the west, so will it be at the second coming of Christ We will meet the Lord in the air not on earth If any man come and say that Christ is on the earth he is a liar Believe it not We will call the righteous, and they will be gathered together, for unto Jesus shall the gathering be

"I am 67 years old and shall not see death; my own eyes shall see the appearing of Christ with all his saints, for we love his appearing In the twinkling of an eye we will be changed and meet the Lord in the air

"PROPHET SPANGLER"

Prophet Spangler saw the end of the world "in the stars" several years ago, if we remember correctly That time he even went so far as to get ready for the coming and with a large concourse of followers gathered on a high hill somewhere along the Hudson river in New York state on his appointed day and got ready to 'jump off' when the time came

His followers not wishing to be handicapped with earthly things divested themselves of their worldly possessions and possessed themselves of nothing but their ascension robes

They gathered at the rallying point with Prophet Spangler on the day and patiently waited They stood the jar and the jeering persiflage of the unbelieving attracted to the spot in a spirit of fun, for the better part of the day but when nothing happened as the hours wheeled off into eternity the holier spirits in the gathering got sore at peeved and finally fell upon the Prophet hip and thigh and raced him through a cornfield and about the countryside in his flimsy garments and he narrowly escaped serious injury in the race

But Prophet Spangler has "come back" with another prophecy and has a second date fixed for the bumping off of this old world of ours Hope he fixes it after November 2d because we expect to be elected to Congress from this district on that date, and would hate like sixty to be headed off before we could find out for ourselves just how a real live Congressman felt But if this old world of ours goes up before that time we are going up along with Bro Spangler.

FIRST LETTER FROM THE WHITE HOUSE

By H O Bishop

Every woman in America is curious to know whether Mr Harding or Mrs Cox will be the next mistress of the White House The personality and daily doings of the first lady of the land have ever attracted wide attention

If the next lady who occupies the home of the nation's chief executive prove to be as much of a real human being as was the first one, interest in the historic mansion will be greatly revived Abigail Adams, wife of John Adams second President of the United States, had the honor of being the first woman to set up housekeeping in the White House She likewise had the distinction of being the first woman to write a letter from the White House

Her letter follows

November 21, 1800

Woods meet all you see from Baltimore until you reach the city, which is only in name Here and there is a small cot with a few window, interspersed among the woods, that which you travel miles with it seeming any human being In the city there are buildings enough, if they were compact and finished to accommodate Congress and those attached to it but as they are, and scattered as they are I see no great comfort for them The river, which runs up to Alexandria, I am in full view of my window, and I see the vessels as they pass and repass The house is upon a grand and superb scale, requiring about thirty servants to attend and keep the apartments in proper order and perform the ordinary business of the house and table, an establishment exactly well proportioned to the President's salary The work of lighting the apartments, from the kitchen to parlor and chambers, is a task indeed, and the fires we are obliged to keep to secure us from daily agues is another very cheering comfort to assist us in this great castle Bells are wholly wanting, not one single one being hung, through the whole house, and promises are all you can obtain This is so great an inconvenience that I do not know what to do or how to do The ladies from Georgetown and in the city have many of them visited me Yesterday I returned fifteen visits—but such a place as Georgetown appears—why, my Milton is beautiful But no comparison, if they will put me up some bells, and let me have wood enough to keep fire, I design to be pleased I could content myself almost anywhere for three months, but, surrounded by forests, can you believe that wood is not to be had, because people cannot be found to cut and cart it? Briesler entered into contract with a man to supply him with wood A small part, a few cords only, has been able to get Most of that was expended to dry the walls of the house before we came in and yesterday the man told him it was impossible for him to procure it to be cut and carted He has had recourse to coals, but we cannot get grates set in We have indeed come into a new country

The house is made habitable, but there is not a single apartment finished, and all within side, except the plastering, has been done since Briesler came We have not the least fence yard or other convenience without and the great unfinished audience room I make a drying room of to hang up the clothes in The principal stairs are not up, and will not be this winter Six chambers are made comfortable two are occupied by the President and Mr Shaw, two lower rooms for a common parlor and one for a levee room Upstairs there is the oval room, which is designed for the drawing room and has the crimson furniture in it It is a very handsome room now but when completed it will be beautiful

Since I sat down to write, I have been called down to a servant from Mount Vernon, with a billet from Major Custis, and a haunch of venison, and a kind, congratulatory letter from Mrs Lewis upon my arrival in the city, with Mrs Washington's love inviting me to Mount Vernon where health permitting, I will go before I leave this place

The next letter written by Mrs Adam was equally interesting, it was as follows

Briesler procured nine cord of wood between six and seven of that was kindly burnt up to dry the walls of the house, which ought to have been done by the Commissioners but which if left to them, would have remained undone to this day

The vessel which has my clothes and other matters is not arrived The ladies are impatient for a drawing room I have no looking glass but a dwarf for the house not a twentieth part lamp enough but light it Many things were stolen unavoidably taken by removal and the number my establishment more than all multiplied Grocetown afford nothing My room the very pleasantest and a white the door of the house be closed

Referendum

Referendum is a Latin word now Anglicised This and several kindred words are derived from the Latin verb refero I bear, I carry I give back from re back; and fero I bear The word referendum is a neuter noun and means the submission of a proposed public measure or law which has been passed upon by the legislature to a vote of the people for ratification or rejection that is the legislators refer or carry back measure to the electorate

"HOME"

HOME! What does that word mean to you? It meant much to Mary Kirk until—See CHARLIE CHAPLIN'S bride in this brilliant photodrama.

Town Without Streets.

The smallest dependency of France is the Ile d'Hoedic, situated at the east of Belle Isle. Its population is 228, and the people do not speak French, but Celtic. Fishing is the principal industry, and all the inhabitants are provided with food at an inn managed by women. The town has no streets and the houses are mostly of mud.

Cairfowl Once Valuable Bird.

Off the coast of Newfoundland lies a group of islands called the Funks. Here in the beginning of the last century the garfowl, with its short, abortive wings, resorted in hundreds and hundreds of thousands to breed. Its feathers were soft and fine. Beneath the feathers was a thick coating of valuable down, and its flesh, after the bird had been soaked, was extremely palatable.

If Skin Breaks Out And Itches Apply Sulphur

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stop and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruption, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.

Store Opens at 8 A. M. Store Closes at 5 P. M.

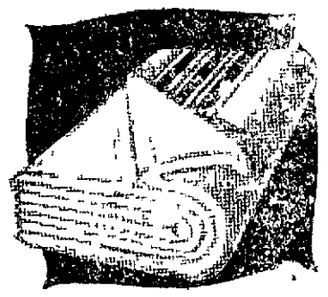
Early Fall Sale of Blankets At Special Discount Of 10 Per Cent

BEGINNING SATURDAY, SEPT. 11TH AND CONTINUING THE WEEK FOLLOWING



Anticipating your future needs we place our entire stock of cotton, wool nap and all wool blankets on sale—at a time when cool nights suggest the coming of winter.

The entire output of the blanket mills for 1920 are in the jobbers and retailers stock. So our regular prices will be no lower this season.

We are fortunate in securing the good, reliable 100 per cent. all wool MUNCY Blanket. Also their sanitary, all wool filled, cotton warp, grey and tan blankets and the A. R. Gibbony or Cedar Hill Blankets.

These are the same all wool blankets as made in pre war days.

The above blankets and all sizes in plain and plaid wool nap and cotton blankets on sale and subject to 10 per cent. discount.

FOR AUTUMN---A NEW SUIT

Crisp cool days that urge you to be out are even more delightful when you are conscious of the newness, smartness and beauty of a new suit.

The lines, generally speaking are youthfully straight and slim, with now and then a jaunty, rippled jacket and on some enormous and becoming collars of fur.

Finding a suit this season that is smart and attractive is indeed simple when you see the numerous beautiful models now on display in our show rooms.

A Coat Selected Early Gives So Much More Pleasure

Why not select yours now and have it for immediate use as well as later wear? Among this collection is every new style departure you could wish for, utility coats and dressy coats with large collars of cloth and fur, with a range of prices from $25 to $100

Autumn Millinery Of Great Charm

The new draped hats made up in wonderful fabrics.

Duvetyn, satin and velvet, made into graceful turbans and many other styles for street and dress wear. Also girls and children's hats of the latest design can be foud among our Fall headwear.

Keynotes of The New Styles

As Shown in Our Complete Display of Women's Wear

EXCLUSIVE SUITS WITH TOUCHES OF NEWNESS

The suits this year show decided change from the prevailing styles of previous seasons, and though there may be some details of Fall Fashions open to doubt, here are two models that are absolutely correct in every detail.
The redingate, or long, semi-fitted coat extending to within twelve inches of the skirt hem has already received indorsement. This type of suit coat is made with flaring underarm seams, slender hips and full flaring skirt section. The second style of suit, unique and interesting in its originality, is made with long straight back and bloused bodice in front with two short peplums below the waist.
Priced to accord with the present revolt against extravagance.

The New Fall Hats

Are Replete With Charming Innovations

This comprehensive display of new millinery is expressive of the new season, as you will notice from the charming new motifs and variously colored trimmings. Its variety of modes offers you a splendid and individual choice from small or big picture hats of the favored vogue.

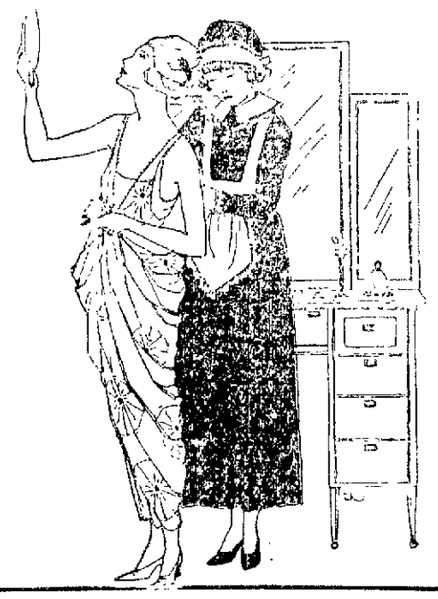
Fall Showing of New Silk Or Wool DRESSES

We are now showing the dominating style influences for fall wear which are thoroughy represented in this comprehensive display. The colorings and fabrics add much to the diversity and exclusiveness of the style developments in every model shown.

Silk Dresses from ..... $37.50 to $95.00
Wool Dresses from ..... $25.00 to $97.50

Skirts For Sports Wear Reveal Gayety Of Plaids and Checks

Our first showing of skirts for the new season comprises a number of models in various interesting plaids and stripes as well as novel combinations. These are all in neat styles portraying the new knife pleating differing from the accordeon pleats which were so much in evidence in Spring modes. Prices range from ..... $7.50 to $37.50



Mothers Will Want To See These New, Exclusive Creations For Girls School Wear

When we say we have the choicest showing of Fall styles for school girls ever presented in this city, you will realize in some measure what we are inviting you to come and inspect. You'll find original models and fascinating reproductions in fall suits, coats and dresses, charming millinery, pretty blouses, as well as dainty underwear and other lines of dry goods that the school lass needs and for which we are so favorably known.

You certainly should see our display, while it is resplendent with these captivating and exclusive creations. Our prices, as usual, are uncommonly and consistently reasonable.

The New Jack Tar Togs are here, also the new Lotta Wear Gingham Dresses. Come in and see them.

Eddie Chaplin, James Hutchinson, George and Howard Gould of Houtzdale spent last evening in town.

Mrs. W. P. Sheeder and son Billie have returned from a trip to Williamsport and Lock Haven.

Mr. and Mrs. Grover Fisher left to visit with relatives in Indiana.

Miss Bess Foulke returned to her home in Houtzdale, after spending a few days with Miss Evelyn Snavely on Nichols street.

William Farrell left today for Easton on a business trip.

Miss Christine Dale, daughter of County Commissioner Jesse E. Dale, has returned to Indiana Normal where she is enrolled as a student.

Born, to Mr. and Mrs. M. L. Farrel at their home on Nichols street on Tuesday morning last, a son.

Billy Adams, who has been so seriously ill at his home in Hartford, Conn., is beginning to improve slowly, according to word received the fore part of the week by his brother T. S. Adams of Martin street.

Alfred Brolin of Limestone, N. Y., a former well known Pike township resident, was a Clearfield visitor yesterday en route home from Winburne.

Miss Jennie Bailey, of West Fifth avenue who was operated upon for appendicitis at the Clearfield Hospital on Tuesday evening, is convalescing nicely at this writing.

What Do Your Kiddies Say About Their Eyes

Have they said they cannot see the board good—asked the teacher to change their seat so as to see better? If this is the case they need glasses.
I'll fit the right kind.

Try Home Made Candy Once

And you'll try it again. There's such a goodness to every bit that you cannot resist it. Folks who thought that they did not "like" candy are eating it and enjoying it.

So will you.

Meat Cause Of Kidney Trouble

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted athority who tells us that meat forms uric acid which almost paralyzes the kidneys in their effort, to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to clean-e the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Mrs. Rhoda Reese of Karthaus is visiting with friends here.

Mrs. Kate Fullington and daughter Lena are visiting with relatives in Indiana and attending the Fair.

Harold Kriglit left today for Lewistown, where he has accepted a position.

Allen Murray and daughter Mrs. Washburn and her two children of Portland, Oregon, are guests of Mrs. Freeman Shope on Nichols street, sister of Mr. Murray.

Mr. and Mrs. John Richard and son and Mrs. Mary Jane Kruger of Morris Run motored to Hollwood and Barnesboro to spend a few days.

Raymond Gearhart of Erie is visiting his parents Mr. and Mrs. George Gearhart on William street.

Mr. and Mrs. Howard Schurig have returned from a trip to Buffalo, N. Y., and Pittsburgh.

Mrs. Lena Spencer and sons, who have been visiting relatives here, returned to their home in St. Marys.

Mrs. Mary Glenn-on of Charleston, W. Va., visited a few days with relatives at the Kriegle home on Locust street. Mrs. Glenn-on is a daughter of Mrs. M. V. Smith, formerly of Clearfield.

Mrs. Mary Flegal and children returned to their home in Rossiter after spending Labor Day with their mother and grandmother, Mrs. D. F. Flegal on Ogden avenue.

Miss Katharine Weiser who has been spending a few days with her sister, Mrs. D. F. Flegal, of Ogden avenue, left last evening for Wallaceton to visit her sister Mrs. Loy Gillman.

Harry Wicks of Portage is visiting at the home of his cousin Richard Gilbert on Turnpike avenue.

FIREMEN INJURED AT TARENTUM

TARENTUM, Sept. 9.—Ten firemen were injured and a loss of several thousand dollars was caused when fire gutted the J. C. Baker Hardware Store here. An explosion of carbide was believed responsible for the fire, which raged for more than an hour.

At Lunch Time.

The struggle to make both ends meet often results in an empty middle.—Boston Transcript.

THREE HUNDRED PEOPLE REPORTED KILLED IN ITALY'S EARTHQUAKE

FLORENCE, Italy, Sept. 8—Graver news from the area affected by Tuesday's earthquake was received today the number of victims being put at several hundred dead and injured. The quake caused great damage in the provinces of Florence, Lisa, Leghorn, Lucca, Massa Carrara, Reggo d'Emilia, Modena and Piacenza. The shock was felt in the surrounding provinces as far as Milan, but there was no injury to life or property.

Fivizzao where the damage to buildings was especially heavy, was a flourishing little town perched on the slopes of the Apennies. It possessed an old town hall and also the ruins of a castle. The whole scene is one of ruin, with hundreds of the inhabitants buried under the debris. Groans and cries were heard on all sides as rescuers worked feverishly.

LONDON, Sept. 8—The "Epocha" of Rome estimates 300 people were killed in Tuesday's earthquake, says a Stefian news agency dispatch this evening.
